RE: Request for approval of contracts to be designated as potential sole source, professional services contracts for health, behavioral health, and support services provided by non-profit contractors, as authorized by San Francisco Administrative Code Section 21.42.

Each year, the DPH Office of Contracts Management and Compliance (OCMC) submits a list of contracts to the Health Commission for advance approval of sole source waiver usage, based specifically on San Francisco Administrative Code, Chapter 21.42 parameters. Chapter 21.42 was enacted to enable DPH to continue services should a potential gap period between the expiration of an authorized contract term, and the completion of a new RFP process occur, or to begin an essential service, pending the completion of a solicitation process. This list is also referred to as the “DPH Sole Source List.”

Chapter 21.42 authorizes the SF Health Commission to designate as sole source, professional services contracts for health, behavioral health and support services provided by non-profit organizations, when recommended by the Department where such services are:

- (1) Unique to the DPH
- (2) Consistent with its mission and goals
- (3) Require specialized knowledge, training, personnel, facilities or other resources that are known to be provided by a limited number of non-profit contractors.

This list contains all existing DPH non-profit contractors, most of which will not require the usage of a sole source waiver. However, if a need arises during the fiscal year for the usage of a “21.42 sole source waiver,” the City’s Office of Contract Administration (OCA) will use the Health Commission’s subject approved list as the basis for their expedited approval. The list below contains the names of contractors which the Department recommends be included on the FY23-24 list. Approval of this list by the Health Commission greatly expedites the Department’s contract approval process, thereby ensuring no service or payment gaps. Attached is a supporting grid identifying the following per the FY23-24 list:

- Additions of contractors with which DPH may wish to contract, in response to particular initiatives or specialized grant funding;
- Recommendations to retain certain contractors without current contracts, but where we want to be able to initiate a contract should an immediate need arise.

Thank you for your time and attention. Please let us know if you need further information.

The Honorable Members of the Health Commission Finance Committee
